

Wendy will stand for Dursley in May

Wendy Thomas has been chosen by Dursley Labour Party to fight Gloucestershire County Council elections in May. Wendy is on Dursley Town Council and chairs the Cam & Dursley Transportation Group. "I'm thrilled to be standing. I love living in Dursley, walking my dog in the surrounding countryside and shopping in our town centre. My values and priorities include equality, community, social justice, protecting our planet, better social care and investing in local services, such as improving our rail and bus services. That's why I wish to represent my home town at the county council."

Join Dursley's Climate Action Group

Labour district councillors have committed to become a carbon neutral district by 2030 but we know the council can't do it alone and it needs everyone in the district to be involved, so we've been supporting a district-wide Climate Action Network of local groups leading in their communities on local ways to make a difference. You can join the Dursley Climate Action Network group (DCAN) on Facebook or contact dursleycan@gmail.com.

You can have your say on the council's 2030 carbon neutral plans - find out more and send in your views by December 16. <https://www.stroud.gov.uk/draft2030strategy>

Dursley Town Council – business as usual

The town council has kept as much as possible to business as usual through the pandemic. "We've been giving out grants to help local groups," reports Dursley mayor Neil Grecian. "We've also been working to ensure important local events such as Remembrance Day and Festive Dursley are still commemorated even if it is a bit different this year."

Let us hear your views

We're planning ahead, past the pandemic, to the recovery of our town and our district.

What are your top concerns or issues?

- Jobs
- Housing
- Business Support
